

**Cadi Company is  
Your Direct Source for  
RWMA Copper Alloys**

Cadi Company is a manufacturer and distributor of high conductivity copper alloys for the manufacturer of resistance welding products and related welding components, plastic mold tooling and numerous other applications that demand performance beyond the capabilities of standard coppers.

**All Shapes and Sizes**

Rod, Bars, Plates, Seam Welding Blanks  
Rounds, Squares, Hexagon, Rectangles

**Ready to Ship RWMA Copper Alloys:**

- Class 1** C15000 Zirconium
- Class 2** C18150 Chromium Zirconium  
C18200 Chromium
- Class 3** C18000 Beryllium Free  
C17510 Beryllium
- Class 4** C17200 Beryllium

**Refractory Metals RWMA:**

- Class 10,11,12** Copper Tungsten
- Class 13** Tungsten
- Class 14** Molybdenum

**Resistance Welding Products**

- Seam Welding Blanks & Finished Wheels
- Electrodes
- Electrode Caps
- Refractory Faced Electrodes
- Stud & Weld Nut Electrodes
- Adaptors
- Holders
- Custom Parts Made to Print

**Largest Inventory of  
RWMA Copper Alloy in  
North America**

Direct  
sourcing,  
precision  
cut stock,  
or manu-  
factured  
products
